o'clock the crowd collected in front of the Chinese mission on Washington street, above Stockton and stoned the windows, but were driven off by the police before effecting much

It appears that the fire by which the building corner of Geary and Leavenworth streets was destroyed originated by the smashing of a coal oil lamp in the Chinese portion of the building by a stone thrown through a window. Although all is at present quiet the police and military authorities are fully alive to the gravity of the occasion and vigilance will not for a moment be relaxed. The prompt and courageous action of the police barely prevented a bloody riot for had the meb gained the heart of the Chinese quarter it would have been impossible to foretell the result.

It is well understood that not only at present but at all times there is a deep and widespread beling among both laboring and hoodlum classes against the Chinese, which only lacks a favorable emportunity to breakout into open hostility. It is believed, however, with prudence and vigdance immediate danger is over, and that if quiet can be maintained during the remainder of the night there will be no further trouble. It is quite probable that in view of the present possible further disturbance efforts will be made had the effect of demoralizing the rioters, very to effect some organiz plaction among the better class of citizens looking to the maintenance of law and order.

Boston, July 24.-It is reported that a messenger from the B. & O. road has been on the Mastern and Boston and Maine roads inciting the employees to strike, but was unsuccessful. The men, although dissatisfied with the present · pay, do not deem a strike advisable.

A special dispatch from Womester says the streets here to day are full of rumors of a proposed strike by the engineers of the Boston and Albany railroad.

It was at first reported that the strike would take place at 4 p. m. to day, but no such movement has not been made. The officials of the road anticipate no trouble unless the men on the New York Central road join the strike. Some of the men is the yard in this city express opinion that if the men on the New York Central strike there will be a strike here with-

in twenty four hours. ALBANY, N. Y., July 24.-One thousand workmen at the West Albany railroad shops have joined the strikers and are coming towards this city.

Dernoir, Mich., July 24-3:30 a. ni.-Laic, information received here states that the strike is general all along the Chicago and Caunda Southern main line and the Toledo and Detrail division.

A meeting was held at Grosse Isle last night, at which M. D. Woodford, Division Superina mient, was present and addressed the meetrag. Resolutions were adopted demanding that the Company restore the wages to the same standard that they were before the recent reduction, establish a regular pay day, and immediately advance the three months' back pay now due. Specehes were made advising the grea to keep cool.

A stock train that was transferred from the Lake Shore road to go East via the Canada Southern was brought back to this side and unloaded.

St. Louis, July 24.-A Kansas Cny, Mo., special of last night says a meeting was held there that night composed of several hundred laboring men, railroad employees and others. A commit see of carlroad men and packing house employees submitted resolutions, the principal feature of which was that a demand be made by trainmen and trackmen on the railroad authorities for restoration of their wages to what they were on the 1st of January, 1874, and should the demand be refused to cease work at noon to morrow. Passenger and mail trains will not be interfered with, but freight trains will be stopped. The resolutions were a lopted. Rock Island and Pacific was the only railroad which took shipments of live stock for the east yester day. It looks now as if the strike would ex

tend to the trades unions, especially the coopers. BETHLEHEM, PA , July 24 .- The miners at the Beaver Brook Mines, Audenreid, Pa., tions of violence and no trouble is anticipated.

Suneury, Pa., July 24.—The Philadelphia and Erie train men struck hero last night. This moraing they compelled the shop hands and machinists to strike. The excitement is great but thus far no overt act has been committed. PHILADELPHIA, July 24 - The Grand Army

of the Republic has taken steps to organize for the purpose of rendering assistance in suppressing railroad froubles here. There are 27 posts in this city and 1500 men will respond on short notice to any demand for their services. Their tender of assistance has been accepted by the Player and arms will be furnished them from the arsenal. Mayor Stokely has issued orders this morning that the police force shall be doubled which gives that department 1200 additional men.

BALTIMORE, July 24.—Passenger trains are running to Washington and West on the B. and Ohio Railroad and all trains on the Baltimore and Potomae and Northern Central Reads,

Baltimore, July 21.—12:15 p. m.—A notice posted in Merchant's Exchange says: "The Northern Central road is receiving no Preight, the strikers having given the company outil noon to accode to their demands.' NEW YORK, July 21.—The Eric Railway Company passed their mail and passenger train

westward through Hernellsville this morning without any attempt at interruption by the strikers. All was quiet at their Buffalo terminus when their mail train eastward was dispatched from that point this morning. --- Morristown, N. J., July 21 -The sheriff of this county, Mayor Avers, of Morristown, and Mayor Richards, of Dover, have been served with notice from the President of the Dolaware, Lackawana and Western railroad to the effect that the company look to them for protection of their property, in accordance with the law of

The sheriff is prepared at once to swear in a large number of special constables should occasion require. The fire departments of both towns are on the alert, and will be used as an armed force if necessary. So for there are no

signs whatever of trouble. DOVER, N. J., July 21.-The report in this morning's papers that Dover was in trouble is entirely incorrect. There is none whatever, and no signs of any. The railroad men are quiet, and disclaim any thought of striking.

ALBANY, July 24.-11:20 a. m.-Governor Robinson, Mayor Banks and Chief of Police Malory are now holding a consultation at the Executive Chamber. The Governor says he has just received a telegram from Superintendent Tillinghast at Bull'do, saying there is nothing of any violence at that point, and expressing hope that there will be none at Albany.

Indianapolis, July 24-9:30 a. m.-The strikers took possession of the Union depot and tracks at midnight and will allow only the pos tal cars to leave the city. Passenger travel on and the roads running out of here, without exception, is stopped. The Indianapolis, Cincinnatti and Lafayette, the Indianapolis, Bloomington and Western, and the Indianapolis, Peru and Chicago roads are not in the strike, but are

prevented from working. Sr. Louis, July 24-10 a. m.-All the passenger and express ears for the East were stopped this morning by the strikers. One train on the Vandalia road was allowed to go out, but all others were detained, and no more will be permitted to leave on the Vandalia line. There was no interference with the postal cars and they were allowed to go out on all the roads. All the ears at Union depot on this side of the river have been moved out of the yard immediately in front of the depot and taken up the road some distance, leaving the tracks at the depot clear. The strikers say there is no middle ground in this ease; it is either absolute victory or defeat with them, and they propose to make the issue square and clearly defined from now or, and to effect this they will put a total embargo on freight and passenger traffic. Their organiza tion increases in strength and perfectness every hour, but so long as they are not interfered with in their purpose to obtain what they con- close rates.

sider fair and just remuceration for their labor

there will be no violence or director, but if they are forcibly opposed there will be trouble and plenty of it. The policy of the railroads continues to be a passive one, and it is not likely anything will be done for the present at least to unduly excite or influence the men.

Oswego, N. Y., July 24.—The 48th regiment are assembled at their armory under arms

awaiting orders. All is quiet here.
Columbus, O., July 24.—The Pittsburg, Cincinnati and St. Louis striking firemen and brakemen are very emphatic in denouncing the action of the mob yesterday in closing up business establishments. They state through a committee that while they are firm in the pur-

pose of maintaining a strike and preventing the running of freight trains they utterly repudiate all riotous incendiary and lawless proceedings and will do all in their power to bring rioters to justice and prevent a repetition of their excesses. The strikers are thoroughly organized and determined not to yield. They claim they cannot live upon their present compensation and the men are discharged if they get into debt.

The strikers have resolved not to countenance any drunkenness or violence by any of their number. The prompt action by the police authorities and citizens last night has apparently few of whom have been seen this morning. There is much less excitement on the streets than yesterday, and a greater feeling of scenrity prevails. Most of the factories and machine shops resumed work this morning, the men being put to work as fast as they came in.

The large mob of miners who were reported as being en route for Newark last night, were met by a committee of the strikers and citizens, who urged them to return to Shawnee, which they reluctiantly did.

The military are in full possession of yards, and no violence is reported up to this hour.

INDIANAPOLIS, IND., July 21.-Over two hundred special police have been swern in, many of whom are strikers themselves, who thus declare their intention to protect property. A telegram from Lafayette, Ind., indicates a

strike on the Wabash road at noon to day. From Washington.

SPECIAL DISPATCHES TO THE GAZETTE. WASHINGTON, July 24.—The Cabinet session to day was devoted entirely to a consideration of "the situation." The feeling in favor of calling Congress together and throwing the responsibility upon the legislative branch of yesterday, has given way to counsels of which Secretary Sherman is the main supporter. It is understood that the told the President yesterday that to assemble Congress now would be o pour oil on the flames; that for months Congress would be but a mass meeting, in which the commune was sure to find spokesmen who would excite the country instead of pacifying

r. The feeling is now that the administration will take the responsibility of guaranteeing the safety of the government property, and will give all the aid in its power to the State executives to put down the revelt against the State authorities.

VIRGINIA NOTES.

A number of Virginians, residing in Fauquier county, not far from The Plains, including H. C. Graham, jr., Geo. Smith, Cassius Carter, D. C. Grimes and H. M. Greeg, have petitioned for a new postoflica at Half Way, between Middle-burg and The Plains, near Goose Creek. The application is endorsed by Gen. Hunton. It will be granted, and Mr. Howdershell, formerly of Alexandria, will be appointed postmaster. NAVAL.

A. VIRGINIA BARON. - In a late London lettor M. D. Conway says if Dr. Fairfax, of Va., Seventh baron of an ancient house, were to go to England "and take the seat in the House of Lords which is his due, I believe the luss made over him would become a chapter in the history of England. It is understood that he declines to come on republican grounds, in which case President Hayes should look out for him when next in wart of a for in minister; but all Amercans are not so st 'n in their political virtue." The Dr. Pairfax alluded to above is Dr. Orando Fairfax, formerly of this city, but now of Richmond.

[COMMUNICATED. SUN ENGINE HOUSE -So-CALLED .- I see that this "ancient and honorable" fire company has had their house turned into a green greeny! By whose authority is this kind of public proper-ty converted into a receptacle of cabbages, watermolons, &c.? Have we a city government, or are a few irresponsible men to take the law into their, own hands? Is this the entering wedge of a "commune?" I call upon the authorities to nip this sort of thing in the bud.

CAUCUS .-- A "caucus" of First Ward repub licans was held at a private house in that Ward last night, there being nineteen persons present, two white and the rest colored. The following preamble and resolutions were drawn

up and adopted : --Whereas the august mind of the Deity was unquestionable, exigent and progressive, or it

would not have required rest; And, whereas the people of the United States require rest from the results of legislative corruptions, to reconcrate their exhausted powers; And, whereas all railroads in this country have derived their chartered privileges by purchases of the commons of the country, and rightfully belong to its defrauded enterprise and industry,

Resolved, That we, the republican leaders of the First Ward, recognize the exigency of the times, and are unqualifiedly in favor of all progressive measures, and the organization of the National Labor party of the country, and a representation of its leading industries in the

President's Cabinet. Resolvil, That we favor cheap money, a remonetization of silver, the calling in of our State indebtedness on its each merit, the giving up of public property and a settlement of whatever difference may hereafter be found to exist between the eash valuations of our public securities and amounts realized from the sale of public property with legal-tenders borrowed from the General Government without interest, for that express purpose.

Resolved, That we favor a seizure of all the railroad tracks in this country for the free use of any citizen who may be able to purchase an engine and train of cars, without other restrictions than is absolutely necessary to protect life and property, or other tribute that is absolutely necessary to keep said tracks in prime condi

Resolved, That we are in favor paying the present holders a fair compensation, in legal tenders, and an imposition of a sufficient revenue tax on the purchase of all real estate, to retire in a reasonable space of time, as much of United States interest bearing bearing bonds as may be required in legal-tenders to satisfy the just claims of the present holders of Amerithe government, which had some advocates can railroads, but not in favor of retiring any greeabacks.

Resolved. That we endorse the action of the general caucus of this country. Resolved, That we were opposed to being bartered and sold before the late civil war, and are now opposed to being sold by those who

have heretofore lead the party and professed to

have our good at heart. Resolved, That we favor the call of a State convention, composed of republicans and workingmen, invested with authority to change the name of the party to the Virginia Branch of the National Labor Organization.

THE ARLINGTON SUIT. - The following is the suggestion of the Attorney General on which the late order in this suit, heretofore published in the Gazette, was made:

In the Circuit Court of the United States for the Eastern District of Virginia. George W. C. Lee

Fred'k. Kaufman, R. P. Strong et als. ment. And now comes the Attorney General of the United States and suggests to the court and gives it to understand and be informed, appearing only for the purpose of this motion, that the property in controversy in this suit has been for more than ten years and now is held, occupied and possessed by the United States, through its officers and agents charged in behalf of the government of the United States with the control of the property, and who are in the actual possession thereof, as public property of the United States, for public uses, in the exercise of their severeign and constitutional powers, as a military station and as a national cometery, estab-lished for the burial of deceased soldiers and sailors, and known and designated as the "Arlington Cemetery," and for the uses and purposes set forth in the certificate of sale, a copy of which as stated and prepared by the plaintiff and which is a true copy thereof, is annexed here and filed herewith under claim of title as appears by the said certificate of sale, and which was executed, delivered and recorded as therein

Wherefore, without submitting the rights of the Government of the United States to the jurisdiction of the court, but respectfully insisting that the court has no jurisdiction of the subject in controversy, he moves that the declaration in anid suit be set aside, and all the proceedings be stayed and dismissed, and for such other order as may be proper in the premises.

CHARLES DEVENS, Att'y. Gen. U. S. The certificate referred to is merely the ordinary tax sale certificate. The following notice has been served on General Lee:

In the Circuit Court of the United States for the Eastern District of Virginia. George W. C. Lee ment. Fred'k, Kaufman, R. P. Strong et als. | ment. Take notice, That, in accordance with sugges-

tion and motion of the Attorney General of the United States, on file in the office of the clerk of this court at Alexandria, Va., motion will be made at the court house in Alexandria on the 4th day of September, 1877, or as soon thereafter as counsel can be heard, that the declaration in the above entitled cause be set aside, that the proceedings therein be stayed and dismissed, and for such other order as may be proper in W. WILLOUGHBY, the premises. Of Counsel for the United States. To George W. C. Lee, plaintiff.

EXCURSION LAST NIGHT. - The excursion of the Relief Hook and Ladder Company to Marshall Hall, last night, was a very enjoyable affair. Everything passed off in the most agreeable manner, and everybody seemed to enjoy themselves. The only unpleasant incident of the evening was the rude and cheeky conduct of a Washington excursion party, who occupied the grounds yesterday with the agreement that they were to leave at sundown, but who kept their boat, the Mary Washington, at the wharf, causing great difficulty in landing to the C. Vanderbilt, which carried the Alexandria party, and even had the effcontery to organize and dance a set after the Alexandrians arrived on the pavilien. Dancing was kept up vigorously during the night, and the party returned home shortly before 4 o'clock this morning jy 10 very much pleased with their night's pleasure

MOVEMENTS OF WAR VESSELS.—The two U. S. war vessels reported vesterday still occupy the same positions; the Swartara off Geisboro and the l'igmouth just above this city. The latter was joined at a late hour yesterday even ing by the steamer Pinta, tender to the fleet, which took from her about four hundred marines and seamen, the latter being armed for the occasion with breech loading rifles. They were carried to Washington by the Pinta, which afterwards returned, and came to an anchor just below the Plymouth, where she remained this morning. Severalcitizens visited the Plymouth. and this evening Collector Warfield and Deputy Collector Corbett called upon her officers in the custom house barge. All who visited the ship were courteously received.

THE CANAL. - The canal authorities on Sunday night had the water in the canal drawn off from Harper's Ferry to the head of the 8-mile level. The reason for this is said to be to keep the bostmen where they now are-at Sir John's Run-and to prevent them from extending their operations further, or uniting at any other

The Commissioners now reply that they have neither the money nor the power to pay the claim, and refer it back to Council, for further action.

NARROW ESCAPE. - A little boy named James Pettit while playing with some companions at the lower ship yard, yesterday evening, fell into the water, and, by some means, became entangled under a boat, and would certainly have been drowned but for the exertions of Officer Nightingill, who happened to be passing by, and who dragged the half drowned boy out of
